1 Introduction	5
-----------------------------	----------

1 Introduction

This document describes changes you may need to make to your customization when you upgrade to Avaloq Core release 5.9 as a result of an internal security fix applied to OBJ_NAME (DDIC) in Avaloq Core release 5.9.

Security fix

Here is the change made in Avaloq Core release 5.9:

- Added missing RLS (row level security) protection to OBJ_NAME (DDIC)
